PROFILE

Cybersecurity graduate with hands-on experience in threat detection, SIEM monitoring, secure software development, and data analytics. Combines strong technical skills with over four years of professional experience in customer service, sales, administration, and team leadership.

HIGHLIGHTED SKILLS

- Security Tools: Kali Linux, Wireshark, Wazuh SIEM, Suricata IDS, ELK Stack (Elasticsearch, Kibana, Filebeat), Greenbone, Burp Suite
- Programming & Analytics: Python, SQL, HTML, Microsoft Excel, Power BI
- Soft Skills: Problem-Solving, Team Collaboration, Communication, Adaptability
- Languages: English (Fluent), Arabic (Intermediate), Tagalog (Intermediate)

EDUCATION

Bahrain Polytechnic

Sept 2022 - June 2026

Bachelor of Information and Communication Technology (Cybersecurity)

Senior Year Project: **Securi-Cata “Real-Time Network Threat Detection & Analytics Platform”**

- Designed and developed a SOC-style security monitoring platform simulating real-world cyberattack detection and investigation workflows.
- Implemented Suricata IDS for real-time network traffic inspection and threat detection.
- Developed custom detection rules for Nmap SYN scans, SSH brute-force attempts, and SQL injection activity.
- Integrated Filebeat, Elasticsearch, and Kibana to centralize, analyze, and visualize security events.
- Created interactive dashboards for attack monitoring, incident investigation, alert analysis, and threat visualization.
- Conducted attack simulations using Kali Linux to generate reconnaissance and malicious network traffic.
- Automated security reporting through Python-generated incident reports and visual analytics.
- **Technologies Used:** Suricata, Elasticsearch, Kibana, Filebeat, Kali Linux, Python, Linux

General Assembly

July 2025 - Oct 2025

Data Analytics Immersive Program

- Analyzed cybersecurity attack data to identify threats and security gaps.
- Performed wind turbine data analysis to assess performance and efficiency.
- Built Power BI dashboards for housing and credit market trends, supporting data-driven decisions.
- **Technologies Used:** SQL, Python, Power BI

EXPERIENCE

Developer Intern

Raincode

Feb 2026 - June 2026

Amaan - Secure Travel Insurance Mobile Application

- Awarded as the TOP 31 ICT senior year project.
- Contributed to the design and development of a secure travel insurance mobile application.
- Developed frontend features using Flutter and supported backend integration tasks.
- Implemented secure authentication and authorization mechanisms including password hashing, JWT authentication, and Role-Based Access Control (RBAC).
- Supported secure API communication using HTTPS/TLS encryption.
- Applied secure development practices aligned with OWASP principles and secure coding standards.
- **Technologies Used:** Flutter, Dart, Python, Flask, SupaBase.

OTHER EXPERIENCES

Sales Associate

LUSH Cosmetics, Bahrain

Feb 2024 - Present

- Operate FSMS, UBEX, and POS systems to process transactions, manage inventory-related activities, and support daily store operations.
- Perform opening and closing procedures, including cash reconciliation, sales reporting, and system balancing.
- Monitor inventory availability and support stock management to maintain accurate product records.
- Maintain customer satisfaction scores averaging 90–95% through effective communication, problem-solving, and customer support.
- Collaborate with team members to ensure smooth operations in a fast-paced retail environment.

Team Leader

MENA Angel Investors Summit, Bahrain

Nov 2024 & Nov 2025

- Supervised volunteer operations, VIP support, and event flow, recognized for strong leadership and reliability.

IT & Sales Trainee

The Collective Hub, Bahrain

Sept 2024 - Nov 2024

- Provided first-level technical support, troubleshooting basic software, hardware, and connectivity issues for staff and community members.
- Supported CRM updates, data entry, record management, and administrative documentation to maintain accurate business information.
- Assisted in coordinating community events, registrations, scheduling, and attendee support activities.
- Responded to customer inquiries and provided administrative support to ensure efficient day-to-day operations.

Sales & Admin Coordinator
Xerox Bahrain

May 2022 - Jan 2024

- Coordinated sales and administrative operations, supporting efficient workflow management and customer service delivery.
- Maintained business records, reports, and documentation to ensure operational accuracy and compliance.
- Supported customer communications, order processing, and stakeholder coordination across multiple departments.

CERTIFICATION

- **ElevateME Mentorship Program**, PwC Middle East **Dec 2024 - Mar 2025**
- **Power Platform Developer Associate**, Microsoft **May 2024**
